

Madoc Agricultural Society

Welcome Vendors and Concessions!

We are always glad to see new and familiar faces at the Madoc Fair! We hope this is a successful fair for your organization/ business!

This year we would like to request that everyone try to keep the number of vehicles parked in and moving about the interior of the fair grounds to a minimum. If you have a heavy load, feel free to drive it in, but please, if it is at all possible, move your vehicle out to designated parking once it is unloaded.

Keeping vehicles out of our main outdoor concession, entertainment and exhibit areas make the grounds look much more inviting to our pedestrian patrons, and much safer for everyone moving about.

We hope that most of you will respect this request, and that it does not create any major inconvenience for you. If you have any questions or concerns, please feel free to contact any fair board member.

All the MAS board members thank you and wish you a great weekend at the fair.

Sincerely,

Madoc Agricultural Society
